

An Invitation to Serve as a Member of the National Advisory Council

The National Advisory Council, “NAC,” was created by the NAIIA for free and open discussion of claims topics and to enhance the relationships between Independent Adjusters and the Clients they serve. NAC members serve in a non-binding advisory capacity to the NAIIA.

There are five geographical regions: Eastern, Southeastern, Mid-States, Southwestern and Western States. Council members are appointed by NAIIA Regional VPs.

One of the great benefits of being a trusted member of our National Advisory Council is the opportunity to participate in educational symposiums at the Regional and National Meetings. A NAC member and guest will be reimbursed their expenses related to transportation and lodging including complimentary event registration.

Prior to our invitation to join a Regional Advisory Council, your name is submitted as a possible candidate by a NAIIA member. It is only after vetting the candidate’s background and experience that candidates are invited to serve. Please consider serving on our National Advisory Council. We know that the experience will be rewarding to you and to our members.
